### Passionate Children at CSN

*2012-2013 Calendar by Roland Scarpa*

A budding violinist? Perhaps a gardener or goalie for CSN ~ all children shine when doing something they love. At CSN, each child is encouraged to discover their gifts and strengths and follow them to the greatest heights...

Whether it's music or painting, dancing or math; athletics, history, reading or journalism, the CSN calendar for the year 2012-2013 will reflect what the winning bidder's children love to participate in, whether at home or school.

One of the most well known and beloved portrait photographers in Southwest Florida, Roland brings a contemporary and sophisticated approach to his work. His vision of beauty and classic sensibility is setting new standards in portrait photography, and his passion for the art is evident in every piece he creates.

Each of Roland's portraits is a testament to the individual character and beauty of his subject; he aims to capture not just a moment in time, but the very essence of every person he photographs. To Roland, "a photograph is most successful when it expresses individualism, depth and inner beauty."

Don't miss your chance to have Roland capture your child's passion in a memory to cherish forever.
